EARTH MOMENTS

**The Album** Kartick & Gotam were on a journey through Asia recording indigenous music forms. An overloaded flight and a bit of luck, they found themselves upgraded to business class. In transit in Singapore, they applied for the Special Permit visa to Indonesia. It was to take 3 hours, but 6 hours later, the flight left without them. 3 days later, they were still waiting. Stuck in the airport without passports, identity or status, they waited indefinitely, sometimes worried, but mostly, making music.

Business Class Refugees is now a global, collaborative project of world flavours, without borders, and a cross-cultural mixture of emotions, realities, styles, languages and irresistible grooves.

From their Real World Hot Pick remix of Peter Gabriel's Exit Through You, to the epic world music production Laya Project, many global productions and collaborations with respected musicians, Business Class Refugees Kartick & Gotam are the best Producers in this genre.

The Business Class Refugees take their base tracks around the world, collaborating with local musicians to overlay local artistic interpretation and signatures, and now share these sounds with other music producers to create new musical dialogues and perspectives.

**“Outstanding electronic world music” (Rolling Stone)**
