

## EarthMoments - Tribal Vocals FX Vol. 02

EarthMoments presents Tribal Vocals FX Vol 02 – a colourful mosaic of traditional tribal vocals that have been digitally processed to give them a modern twist, offering producers a treasure trove of rare, cutting edge FX. These high quality samples have been recorded across Africa, Asia, the Balkans, and the Middle East, resulting in a diverse sample bank of avant-garde FX that capture the exotic timbres of these remote tribal communities.

An expressive tapestry of other worldly sounds, the collection combines traditional elements with new age digital technology to create a series of unique evocative FX and unique soundscapes. Vocoded tribal calls, haunting textures, starkly digitized rhythmic patterns characterize this exclusive bundle, seamlessly bringing together the worlds of organic and synthetic, analog and digital.

Created with familiar patterns, the samples can easily be integrated into several genres – from house to techno, drum n' bass to trap, experimental to ambient music. The bundle also offers great starting points for producers looking to spark offbeat production ideas, or to add an innovative ethnic touch to their tracks.
