GRAND CONSTRUCTION KITS FOR ABLETON LIVE

EarthMoments - ZenPad Waterworx

EarthMoments presents Zenpad Waterworx - a revolutionary new grand construction kit for Ableton Live bringing the ethereal aspects of water to life;

Waterworx recreates the sounds and atmosphere of rivers, oceans, waterfalls, and lakes. It draws on an array of instrumentation including: various analog synths, guitars, drums, mallet instruments, vocals, piano, acoustic and electric percussion and more.

We have also included drum racks recorded underwater using special water resistant microphones, capturing the sounds of percussive instruments - resulting in starkly unique timbres and an inspiring collection of rhythmic textures.

These high quality samples have been recorded at 96kHz using Class A preamps and Tube microphones at the EarthMoments studios.

The collection offers an aptly inspiring starting point for producer and sound designers looking to create forward thinking compositions, and are tailor made to fit a wide variety of ambient genres and experimental production styles.
